

CONSULTANT PROFILE

KORDULA SCHULTE

"I am inspired by tailor-made hybrids"

For over 20 years I have been working as an executive coach, consultant, and facilitator with leadership experience in corporations and family-owned businesses. I have been inspired by different **challenges related to change and developments**.

Every issue is individual, different, and new. I encourage my customers to face up to the "real issues" to achieve sustainable success. Therefore, I offer **tailor-made hybrids** in addition to standard programs, i.e., I combine working on individuals, teams, and the organization with current issues and simultaneously initiate learning processes. Together with my customers I create experiments that go beyond project ideas.

With my sensitive approach to the specifics of the company and individuals, I use the existing resources in such a way that something new can be created without losing sight of the tried-and-tested aspects.
